## Iceland

As of June 30, 2021

Iceland is a valued, active partner of the World Bank Group (WBG), through its thought leadership as well as its financial support. Working with the WBG enables Iceland to leverage not only its funds, but also its knowledge and capabilities to help end extreme poverty, boost shared prosperity, and support sustainable development. This partnership is generating results that improve lives in low- and middle-income countries around the world.

Iceland's contributions paid-in to the WBG totaled US\$36 million for fiscal years (FY) 2017-21. In FY21, Iceland contributed US\$4 million to International Development Association (IDA), US\$2 million to IBRD/IDA trust funds and US\$0.4 million to Financial Intermediary Funds (FIFs).

The number of active trust funds to which Iceland contributed at the end of FY21 totaled 11, including 7 IBRD/IDA TFs and 4 FIFs.

# Iceland and the International Development Association (IDA)

The global community has renewed its strong support for IDA in its successful 19th replenishment. Development partners agreed to a record package of US\$82 billion for IDA19, scaling up the resources available for the fight against extreme poverty and achieving the Sustainable Development Goals. This could not have been achieved without Iceland's strong support. Iceland is the 37<sup>th</sup> largest contributor to IDA19 on a grant equivalent basis. Its contribution will help IDA19 deliver its policy commitments on jobs and economic transformation; fragility, conflict and violence; climate change; gender and development; and governance and institutions. IDA19 offers excellent value for money, with every US\$1 in total partner contributions resulting in more than US\$3 in financing to client countries.
